

CONSTRUCTA

12 September 2025

Construction commencement notification PN11: 1 Tuakana St, 26, 28 & 30 Taratoa St

Kia Ora Neighbour,

We're building new, warm, and dry homes for the Tāmaki community. To enable this, our build partner Constructa will begin construction works on our Taratoa & Tuakana Street sites: **1 Tuakana St. 26, 28 & 30 Taratoa Street** on behalf of Tāmaki Regeneration.

Overview of construction works and area

Constructa will begin work from **29 September 2025** to prepare the site for the new houses being built. The subdivision will make space for 10 new residential dwellings,

The development will need to perform cut and fill operations across the site to lay foundations and retaining, as well as general excavation, compaction, concrete operations, and auguring for retention and foundation piles. Work is set to be completed by **August 2026**.

Map of PN11

Expected timeframes of works and working hours

Our usual working hours are 7.30am to 6.00pm, Monday to Saturday. There will be no work on Sunday's or Public Holidays.

Expected impacts

We understand that construction can sometimes be disruptive, so we will do everything to ensure that access is maintained, and inconveniences are kept low. We will also reach out to you before we begin any work that might directly impact your property.

While the majority of work will take place within the site, we will do our best to keep disruption and road closures to a minimum. If our work causes the loss of utilities such as power, water or communications, we will work quickly with the service provider to fix this.

Where can I get more information?

We thank you for your patience and understanding during this time. If you have any questions, concerns, or want to know more about what's happening, please reach out to the Constructa Senior Project Manager Carl Lynch at carl.lynch@constructa.co.nz or the TRC Development Engagement Team at info@tamakiregeneration.co.nz

Ngā mihi nui,

The Team at Tāmaki Regeneration
